

## PRESS CONFERENCE

You are invited to the press launch of the Greenpeace report:

**Left in the dust – AREVA's radioactive legacy in the desert towns of Niger.**

This report shows that nuclear power gambles with people's lives, health and environment from the very beginning of the nuclear chain – mining for uranium. The people of Niger are constantly surrounded by poisoned air, contaminated soil and polluted water – while AREVA makes hundreds of millions from their natural resources.

**When:** Thursday, May 6<sup>th</sup>, 2010

**Time:** 10.30 am to noon

**Where:** Geneva Press Club  
Route de Ferney 106  
Genève  
(Bus 5, bus stop Intercontinental)

**Who:**

- **Almoustapha Alhacen**, President of Aghir in'Man
- **Bruno Chareyron**, Engineer in Nuclear Physics, Responsible of CRIIRAD Laboratories
- **Dr Rianne Teule**, Nuclear Campaigner, Greenpeace International
